BYLAW #2**

**CONCERNING
THE COLLECTION OF STUDENT FEES**

COMING INTO FORCE: April 25, 1990
REVISED: Nov. 24, 2008
ADMINISTRATOR: Director of Student Services

HERITAGE COLLEGE BYLAW #2 CONCERNING THE COLLECTION OF STUDENT FEES

Preamble¹

The *General and Vocational Colleges Act* specifies clearly the circumstances under which a college may collect fees from students. These fees fall into two general categories, “tuition fees,” and “other fees.”

Tuition Fees:

With respect to tuition fees, article 24 of the Act states:

No college may charge tuition fees for the instruction it provides within the scope of a program of college studies to a full-time student in such a program unless permitted by law.

Nevertheless, the Act does oblige the College to collect tuition fees in certain specific circumstances. In this regard, the law states that the College is obliged to collect tuition fees, the amount to be set by regulation, from students who are registered in a program as part-time students. The amount established in this situation is \$2.00 per period of instruction.

A student who is registered in a program on a part-time basis will obtain a refund of tuition fees paid for a course if a refund request is made before 20% of said course has elapsed. In such cases, a 70% refund applies with respect to each course for which a refund request is received by the aforementioned deadline.

Other Fees:

The issue of fees categorized as “other” is also addressed in the Act. Article 24.5 states:

No college may, except by bylaw, prescribe the payment of admission or registration fees for college instruction services or other similar fees pertaining to those services.

¹ See the Glossary for explanations of frequently-used terms.

ARTICLE 1

Purpose

The purpose of the present bylaw is:

- a) to identify the admission, registration and other fees, which may be collected by the College and used solely to defray expenses incurred by the College, over and above those financed by the Ministry, in offering the services, activities and materials described herein;
- b) to establish those tuition fees which the College is entitled to collect, but which are not specified in the law or its accompanying regulations.

ARTICLE 2

Application

The present bylaw applies to the collection of all student fees related to articles 24 and 24.5 of the *General and Vocational Colleges Act*.

3.1.6 International Students and Non-Quebec Residents

Students registered as international students or non-Quebec resident students are not entitled to the tuition-free status defined in article 24 of the *General and Vocational Colleges Act*. The Ministry may modify these amounts at any time.

In addition to the tuition fees noted in the preceding paragraph, international students also are required to pay all other fees described in the current bylaw, in accordance with their particular status as students.
