November 13, 2002

Heritage College Surpasses its Centraide Goal Again!

At a special Halloween celebration held in the agora of the College at noon on October 31 to celebrate this year's fundraising campaign Heritage College Centraide Campaign Coordinator Germain Dubois presented a cheque to Joanne Mantha of the Centraide Outaouais campaign. With more money to come, the amount collected so far in the campaign through pay deductions and contributions from staff as well as a variety of activities organised by staff and students is \$5,149, well over this year's goal of \$3,700.

Also on hand were Colin Chalk from the Ottawa Food Bank and Jean Pigeon from Maison des Jeunes Au-Pic in Aylmer, representing organizations that receive support from the local United Way and Centraide campaigns. They helped out in the celebrations by drawing the winning tickets for two enormous Halloween baskets.

Heritage thanks everyone who helped to put the College over the top again this year, in particular, Student Association President Sarah Lawrance, Human Resources Director Michèle Charlebois, Ronnie Saumier from Human Resources, Barb Poulin from Financial Services, Audrey Ferguson from the Library, Philosophy/Humanities teacher Mostafa Faghfoury, and Academic Advisor Celina Fleury-Gow. A very special thank you and congratulations to Heritage College Centraide Campaign Coordinator and Science teacher Germain Dubois for bringing it all together!
