

## Cégep Heritage College Proceeds to Inauguration of new Sports Facilities and Library Expansion

---

Gatineau, November 22, 2016 - Cégep Heritage College has officially inaugurated new sports facilities and an expansion to its library.

The library can now accommodate more students and offers a larger variety of settings. It is more comfortable and the space allows for a better environment for school work.

Likewise, the new sports facilities provide flexible spaces for a variety of activities such as yoga and Zumba classes, cardiovascular and cross training for all students, men and women soccer, basketball and rugby team members (Heritage Hurricanes), Sport Études students and staff members.

The College Director General Michael Randall stated that the new facilities were much needed. "It was a long process to have them approved, designed and built. However, we can now all benefit greatly from them. These spaces come in addition to the new wing which was inaugurated at the College back in September."

Representatives of the Cégep Heritage College Student Association joined the ceremony and were very enthusiastic about the increased experience the entire student community will enjoy when accessing the new facilities and equipment at Heritage.

Pictures of the ceremony are available on the College's [Flickr Page](#).
