IT'S EVERYONE'S CAUSE!

The Cause for post-secondary education in the Outaouais.

Did you know?[?]?_??

- that there are 835 post-secondary study programs in Ottawa compared to 101 in the Outaouais?
- that although the Outaouais region has a higher population than the Saguenay-Lac St-Jean and the Mauricie regions of Quebec, we have 29 less technical programs than the Saguenay, and 21 less than the Mauricie?
- that the Université du Québec en Outaouais offers respectively 38 and 65 less programs than the universities serving the Saguenay and the Mauricie?
- that 2600 students cross the bridge to study in Ottawa every day even though tuition fees are 3 times higher in Ontario?
- that the Outaouais loses \$70 million per year because of this?

Joining in the cause of higher education in the Outaouais region means supporting the future of our youth, contributing to the quality of life of the citizens of our region and thereby creating wealth for all Quebecers.
