

## Alliance Sport-Études

### ***Balancing high-performance sports and post-secondary studies!***

In January 2011, Heritage College became a member of Alliance Sport-Études. The mission of Alliance Sport-Études is to offer adapted educational services to elite athletes in Quebec who are pursuing post-secondary studies.

This program is designed for high-level athletes who must balance the demands of training and competition with their studies. It offers student-athletes the chance to extend their courses over more semesters, to participate in distance learning courses, and to have access to a Sport-Études resource person at their school in order to help them achieve their academic objectives.

#### **To be eligible for support from Alliance Sport-Études, the student must:**

- Be recognized by a sport federation as an athlete in the Excellence, Élite, Relève, or Espoir category  
or
- Play for a Quebec Major Junior Hockey League, Junior AAA (17-18 years), or Midget AAA team.

#### **To enrol in Alliance Sport-Études, students must:**

1. Complete a Sport-Études application available through Heritage College during the application period.
2. Apply to Alliance Sport-Études by completing the online application on the Alliance Sport-Études Web site.
