

NOMINATION

Newly Appointed Chair to the Cégep Heritage College Foundation

Carl Marcotte
2017-2018 Foundation Chair

Gatineau, August 23rd, 2017 – Michael Randall, Director General of the Cégep Heritage College, introduced the Foundation’s 2017-2018 Chair, Carl Marcotte during the College’s Welcome Back ceremony held Aug. 21st.

Mr. Randall expressed his delight at the number of qualified passionate individuals who were newly elected or are commencing a renewed term as members of the [Foundation’s Board of Directors](#). As the College grows, now at over 1300 students, so do the needs and demands of students. Our Foundation plays a significant role in assisting the College by investing in student success.

Carl Marcotte was appointed as Chair. Carl brings with him vast knowledge of board governance, strategic planning and change management in many industries as well as having had ties to Heritage for many years.

We are also delighted to welcome a professor and two alumni to the Board. Our new Board Members are: Professor Marc Fricker as the Foundations’ Secretary, Alexandre Bobkov as the Foundations’ Treasurer and Chris Schaler as an Administrator.

Mr. Marcotte stated: “It is such an honour to have been chosen to lead the Foundation this year. Cégep Heritage College is a special place. My wife taught here for some 22 years, so I was privileged to watch this important institution grow and develop from its humble roots. The volunteers who have worked so hard on the Foundation board since its inception deserve all our thanks. This Foundation is YOUR foundation, serving the needs of students and the broader Heritage community. Through your and the community’s generosity, we are building a legacy that will be available to fund and support access, special needs and student achievement in perpetuity. Special thanks go out to our past and current board members and volunteers.”

The Cégep Heritage College Foundation was established in 2013 as a registered charitable organization. Through fundraising activities, the Foundation contributes to the College’s mission to assist the College in responding to the steadily increasing demands for its services. Awarding bursaries, recognition and celebration of engagement and perseverance is an integral part of encouraging our youth to pursue their college studies.
